Prints

Our prints are printed on heavy weight high-quality paper. We use fade resistant water-based inks, resulting in vivid, bright colours. We offer two types of framed prints. Option one is the image extending to the edge of the paper. Option two is with a museum-grade, premium white matte border.

For all framed prints, we use 1-inch frames made from recycled materials that come in 8 different colours. We use standard, single-pane glass and protect the back with dust cover backing. All framed pieces come with pre-installed hardware for easy installation. Our four-ply white matte border comes in the following sizes:

1.5 inch

12x12, 8x20, 12x36, 12x16

2.5 inch
